

A Memorandum of Understanding  
Between  
**Kathmandu Metropolitan City**  
and  
**Nepal Engineering College (*nec*)**

This Memorandum of Understanding (MOU) between the Kathmandu Metropolitan City (hereafter, KMC) and the Nepal Engineering College (hereafter *nec*) outlines the general implementation framework for a close advisory, research and training collaboration between the two signatories of the Understanding. While implementing the projects, *nec* may take technical inputs from the Nepal Transportation and Development Research Centre (NTDRC).<sup>1</sup>

The chief objective of this MOU is to promote and facilitate a working relationship between KMC and *nec* to collaborate in the field of researching, designing, planning and evaluation.

Specifically, KMC agrees to:

- request *nec* research, advisory, consultancy and training services subject to full compliance to the Nepal Government's rules and regulations.
- request student interns from *nec*.
- invite *nec* in all major KMC events.

The *nec* agree to provide their services as:

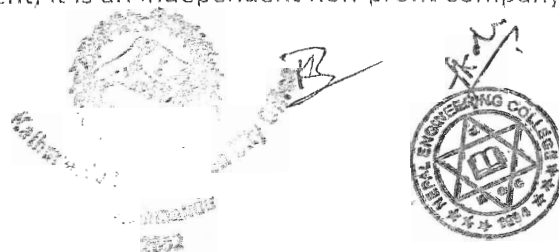

- to attend KMC's workshops, seminars, and conferences and to contribute their opinion.
- to provide development experts in a various fields within a short period of time and to ensure quality of their outputs.
- to avail all research reports to KMC.

Both signatories hereby agree to mutually evaluate the effectiveness of this MOU at least once in a year. Based on this evaluation, the signatories may add, remove or modify any of the contents of this MOU.

This MOU shall be valid for 5 years. It will be effective immediately after signing by both parties. The validity period may be extended by mutual consent.

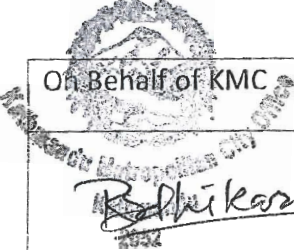

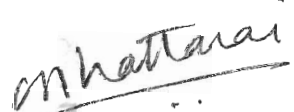

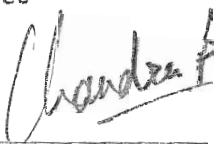

---

<sup>1</sup> NTDRC was promoted by *nec* for conducting specialized research in transportation and development. At present, it is an independent non-profit company.

If one of the signatories wishes to terminate the MOU unilaterally, it may do so by informing other two signatories at least 2 months before the proposed termination date.

This MoU will create basis for other assignments. However, both parties will enter into a formal contract agreement for each assignment.
