# *nec* Ingenium 2025

↙

| Event | **CodeSprint Hackathon**<br>"Solving real-world problems through code, innovation, and teamwork." |
|---|---|

| Main Event Date | 03 July 2025 |
|---|---|

## Objectives

To foster innovation, rapid prototyping, and teamwork in solving real-life challenges using software, hardware, or both.

## Participation

- Open to undergraduate students.

- Team size: 2–4 members.

- Interdisciplinary teams are encouraged.

## Format

- 6 hours in-person or hybrid coding sprint.

- Problem statements will be revealed at the start of the event.

- Internet access will be provided under supervision.

### Allowed Tools:

- Any programming language or platform.

- Open-source libraries/tools allowed.

- Pre-built components or APIs permitted but must be disclosed.

### Judging Criteria:

| | | |
|---|---|---|
| Innovation & Creativity | : | 25 % |
| Functionality | : | 25 % |
| Relevence to problem | : | 20 % |
| Technical Implementation | : | 20% |
| Presentation | : | 10 % |
